Subject: Next steps with Western Energy Alliance

Hello Doug,

Thanks again for taking the time to meet with us and talk about the issues our members are facing across Region 8. I wanted to follow up on your offer to set up some discussions with the compliance and enforcement staff at Region 8 since I think your suggestion of improving communication would be mutually beneficial. As I've given it more thought, it may also be useful to include some of the permitting group as well, given how important clear communication between both those groups and industry is.

Is there a staff contact I can work with to begin setting up a discussion? Obviously with the holidays fast approaching I don't think we need to move on this right away but I'd like to get something on the calendar for sometime in the new year. Thanks again for meeting with us and I hope you have a great holiday season.

Sincerely,
Ryan Streams
